[1] **Presentation – “Where Does the Discharge Data Go?”** Bob Finn gave a presentation to the group describing the many functions of the Colorado hospital discharge data. This presentation had previously been delivered at the Annual CHIMA Spring Meeting in May but was offered again at our June meeting for those committee members that were not able to attend CHIMA. Bob described the various agencies that receive weekly, monthly and quarterly data from CHA and provided links to many valuable reports. A copy of the complete powerpoint presentation can be found under the HIM/CHA Advisory Group section of the CHIMA website at <http://www.chima.org/downloads/SpringMeeting2011/Presentations/wheredoesthedatago2.pdf>.

[2] **Next Meeting.** The next meeting of the HIM/CHA Advisory group will be held on Friday, July 15, 2011 at CHA from 2:30 to 4:00 pm. Topics will include a review of the new ED data file and updates on the Field 51 and V56.0 coding issues that were discussed in previous meetings.
